

Quest Solution Awarded \$7 Million Project from Leading U.S. Supply Chain & Logistics Firm

- Existing Customer increasing its business with Quest from \$700,000 in 2018
- Potential candidate for Quest's Artificial Intelligence solutions

SALT LAKE CITY, March 06, 2019 (GLOBE NEWSWIRE) -- Quest Solution, Inc. (OTCQB: QUES), ("Quest" or "the Company") a provider of Supply Chain and Artificial Intelligence (AI)-based Machine Vision solutions, announced it has been awarded a project from a leading supply chain and logistics provider in the U.S. for the supply of vehicle mounted rugged computers for the collection of sophisticated data and logistics management. The project is valued at \$7 million, with \$5 million expected to be billed during fiscal year 2019 and the balance in 2020.

Shai Lustgarten, CEO of Quest, stated, "We are excited to significantly expand our relationship with a valued customer who is well respected in the supply chain and logistics industry. Our high-tech, in-vehicle computers play an important role in increasing operational efficiencies as well as collecting valuable data for quicker and more accurate decision making. This customer is also a potential candidate for our AI-based Yard Management Solutions, currently being used in seaports worldwide. Our comprehensive portfolio of solutions includes data collection devices like rugged tablets and computers, high-level software and proprietary Artificial Intelligence (AI) capabilities, all of which enable firms operating in the multi-billion dollar supply chain industry access to big data analysis. We look forward to adding new customer relationships and strengthening our existing partnerships by providing solutions that promote the capture of critical data for the development of effective strategies."
