Quest Solution Receives \$1.3 Million Order for Android-Based Data Collection and Analysis Equipment From Multi-Billion Dollar Company

- **Order represents an upgrade to Android-based solution for advanced warehouse and inventory management**
- **Delivery expected in Q3 2019**

Salt Lake City, UT, August 28, 2019 -- Quest Solution, Inc. (OTCQB: QUES) (“Quest” or “the Company”), a provider of Supply Chain and Artificial Intelligence (AI)-based solutions, announced that it has received a \$1.3M purchase order from a Fortune 500 distributor based in the Midwest.

The order is for the upgrade of the distributor’s existing warehouse and inventory management system to a more sophisticated and efficient Android platform in advance of anticipated future growth. The new equipment will enable the use of advanced software on the Android platform, with delivery expected during the third quarter of 2019.

Shai Lustgarten, CEO of Quest Solution, stated: “We have proven expertise and a successful track record upgrading IT systems to the Android platform for our Fortune 500 customer base. We are very pleased to have received this order from a large distributor in the U.S. We’re excited to see continued momentum as another Fortune 500 company selects our solutions, and demonstrates confidence in Quest’s quality, customer support and sophisticated solutions.”

“We expect additional orders from this loyal customer and we are proud to play a valuable role in providing the right technology to assist their continued success and future growth,” Mr. Lustgarten concluded.

About Quest Solution, Inc.

Quest Solution’s HTS Image Processing subsidiary is a leading provider of computer vision image processing-based solutions using patented and proprietary AI technology to provide real-time surveillance and monitoring for homeland security, traffic & parking management, law enforcement and access control applications as well as supply chain management.

Rated in the Top 1% of global solution providers, Quest specializes in the design, deployment and management of enterprise mobility solutions including Automatic Identification and Data Capture (AIDC), Mobile Cloud Analytics, RFID (Radio Frequency Identification), and proprietary Mobility software. Our customers are leading Fortune 500 companies from several sectors including manufacturing, retail, distribution, food / beverage, transportation and logistics, health care and chemicals/gas/oil.

Information about Forward-Looking Statements

“Safe Harbor” Statement under the Private Securities Litigation Reform Act of 1995. Statements in this press release relating to plans, strategies, economic performance and trends, projections of results of specific activities or investments, and other statements that are not descriptions of historical facts may be forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. This release contains “forward-looking statements” that include information relating to future events and future financial and operating performance. The words “may,” “would,” “will,” “expect,” “estimate,” “can,” “believe,” “potential” and similar expressions and variations thereof are intended to identify forward-looking statements. Forward-looking statements should not be read as a guarantee of future performance or results, and will not necessarily be accurate indications of the times at, or by, which that performance or those results will be achieved. Forward-looking statements are based on information available at the time they are made and/or management’s good faith belief as of that time with respect to future events, and are subject to risks and uncertainties that could cause actual performance or results to differ materially from those expressed in or suggested by the forward-looking statements. Important factors that could cause these differences include, but are not limited to: fluctuations in demand for Quest Solution, Inc.’s products, the introduction of new products, the Company’s ability to maintain customer and strategic business relationships, the impact of competitive products and pricing, growth in targeted markets, the adequacy of the Company’s liquidity and financial strength to support its growth, the Company’s ability to manage credit and debt structures from vendors, debt holders and secured lenders, the Company’s ability to successfully integrate its acquisitions, risks related to the sale of Quest Solution Canada Inc. to Viascan Group Inc. and other information that may be detailed from time-to-time in Quest Solution Inc.’s filings with the United States Securities and Exchange Commission. Examples of such forward looking statements in this release include, among others, statements regarding revenue growth, driving sales, operational and financial initiatives, cost reduction and profitability, and simplification of operations. For a more detailed description of the risk factors and uncertainties affecting Quest Solution, Inc. please refer to the Company’s recent Securities and Exchange Commission filings, which are available at <http://www.sec.gov>. Quest Solution, Inc. undertakes no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, unless otherwise required by law.
